How to Find a Remote Job

Start researching the remote job market, [remote jobs in your career field](#), companies that support remote work, and the [different levels of remote work](#).

Use safer keywords like [remote](#), [telecommute](#), and [virtual](#). [Avoid "work-from-home,"](#) which is most often used in scam jobs.

Tailor your resume and cover letters for every job, and [include previous remote work experience](#), digital communication tools, and skills like time and task management, self-focus, independent work, and continuous learning.

Practice your answers to common remote job interview questions like, [Why do you want to work remotely?](#) How do you stay organized and on task? What's your home office like?

Apply for remote jobs on reputable sites like [FlexJobs](#). [FlexJobs offers a better way to search](#), with only scam-free, hand-screened, professional-level remote and flexible jobs.

Access hand-screened remote, part-time, freelance, and flexible jobs—quickly and easily. Plus, find support, information, and advice for your job search.
